Services**

**Facade Access &
Moving Structures**

**Height
Safety**

NU-SPACE PARTNERSHIP

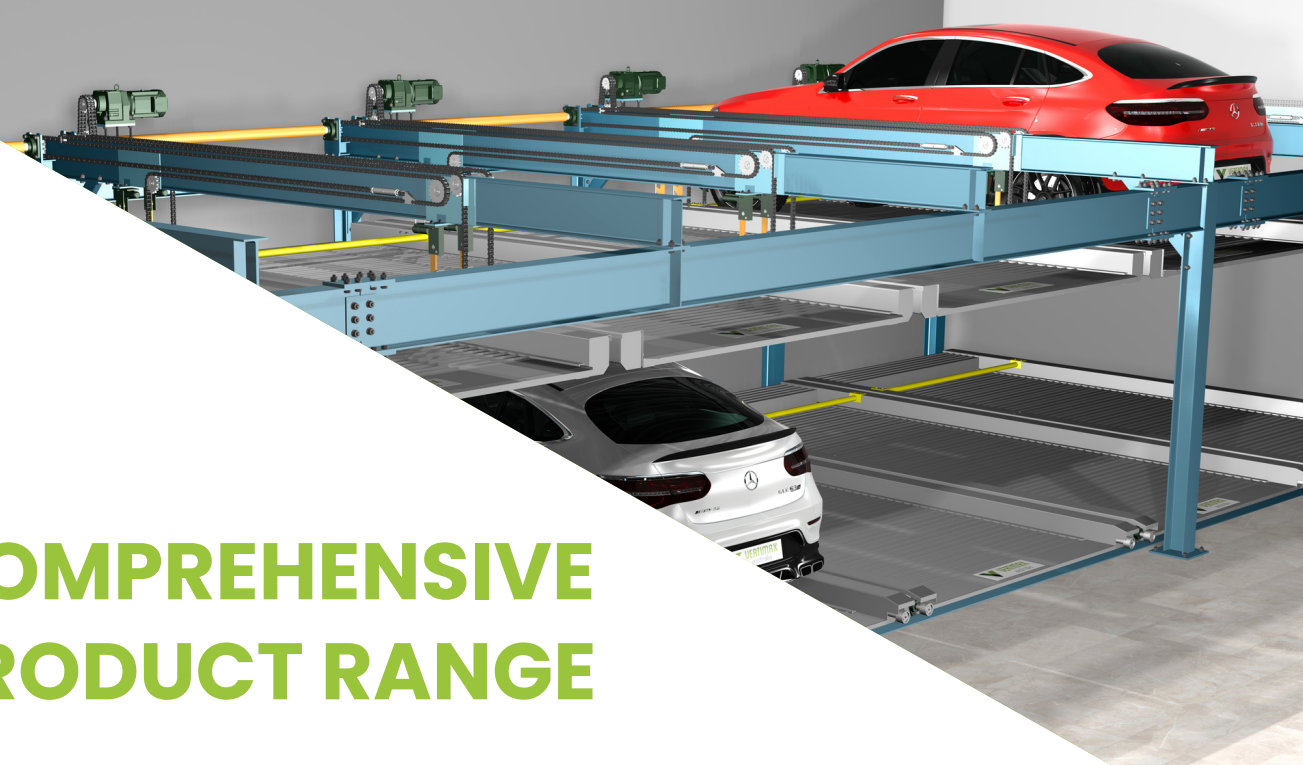

Vertimax has proudly partnered with Nu-Space
(formerly Nussbaum).

As part of our commitment to delivering innovative and dependable parking solutions, Vertimax Australia has entered into an exclusive manufacturing and distribution agreement with NU-SPACE (manufacturer of the original Nussbaum Parking-Systems from Germany) for the Australian and New Zealand markets, effective June 2025. This agreement also ensures the warehousing of key spare parts locally, supporting faster service across the region.

SCA SPONSOR

Vertimax are proud Silver sponsors of the Victorian Strata Community Association and have been vetted as a premium Contractor in the Car Parking System industry.

COMPREHENSIVE PRODUCT RANGE

Vertimax is a trusted leader in the car stacker industry, recognised for reliability, professionalism, and exceptional service. We take pride in delivering guaranteed quality and maximum efficiency for every project.

Our extensive product range is designed to optimise parking capacity in restricted spaces, with fully adjustable lift heights to accommodate a wide variety of vehicles and ceiling clearances.

We provide double, triple, and quad vertical stacker systems suitable for both residential and commercial applications.

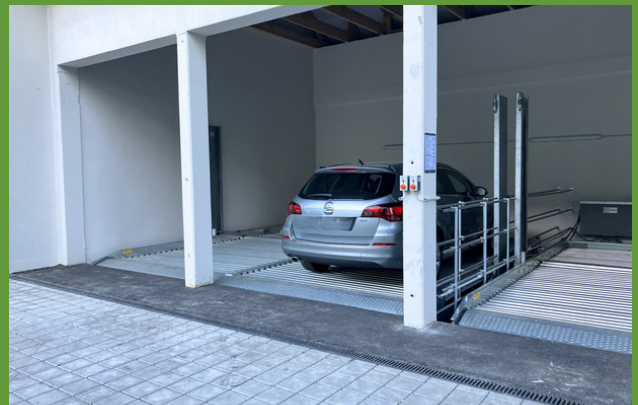

Vertimax also stocks the full Nu-Space range, including:

- WOHR
- KLAUS
- ECHO PARK
- SWISSPARK
- NUSSBAUM
- PARKOLAY
- HERCULES
- HYTONE

APPLICATIONS

From residential garages to large-scale developments, Vertimax offers versatile car stacker and automated parking systems designed to make the most of every space.

SERVICE DELIVERY

Vertimax has rapidly grown to become Australia's largest independent car stacker service company for third-party equipment.

We provide a genuine 24/7 service, with skilled technicians on call at all times. Supported by dedicated after-hours call monitoring and robust procedures, every call-out is managed promptly and in line with client expectations. Our qualified team ensures your car parking systems operate at peak performance, maintaining safety, reliability, and efficiency.

Renowned for tackling root causes rather than temporary fixes, Vertimax has a proven track record of resolving recurring issues—whether structural, mechanical, electrical, or software-related. We develop both immediate and long-term solutions to restore and sustain system performance.

We help you manage your assets with confidence, offering the support you need to meet commitments and extend the life of your equipment. At Vertimax, we value our clients, prioritise service excellence, and are dedicated to the long-term reliability of your parking systems.
